Brand New Book ***** Print on Demand *****.Excerpt from Modern Methods in Sunday-School Work: The New Evangelism Explanatory. The genesis of this book was my desire for the improvement of the Sunday-schools under my immediate care. As a pastor, I found myself pitifully inadequate to meet the requirements of Sunday-school work. It had been my privilege but a few years ago to study in a representative theological seminary, where I covered the full courses of catechetics, pastoral theology, etc., yet the training of this representative institution did not train relative to the principles, problems, needs and growing demands of this foundation work of the Church, the Bible-school. In parish work, therefore, I found myself in the growing years unequipped, and face to face with the awful alternative that the Sunday-school must be improved or suffer the loss - as the Church at large, for the most part, has suffered for years - of scores of youth. I raised the question, What can I do? For suggestion I consulted every known publication on Sunday-school work and methods. These books say many excellent things and can be read with profit, but I found too much of theory, abstract reasoning, and presentation of thought from the view-point of one man for the meeting of practical need. I, therefore, sought through personal visitation and correspondence to learn from the most experienced and successful Sunday-school workers who are now actually in the field and who are doing things, - I sought to learn from them the full descriptions of their actual working methods. A generous response gave a wealth of information. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This...
